Our Responsibility

At Imagine That the issue of safety is taken very seriously.

It is our aim to be proactive by liaising with government bodies and trading standards, and we have excellent relationships with UK and overseas testing houses.

We also have a dedicated full-time safety coordinator, who undertakes and documents full risk assessments on all components included with our titles.

After evaluation, the components are tested to ensure that they conform to the EN71 European standard, ASTM USA standard, and GPS standards.

Safety test reports are available upon request. Please contact our Customer Service Department at **customerservice@imaginethat.com**

Additional testing can be undertaken in order to comply with client/country specific safety standards. We have an ethical sourcing policy and wherever possible, aim to use responsibly sourced, sustainable materials.

In 2021, we reduced single-use plastics in our book kits by 12 tons, and we continue to find eco-friendly component and packaging solutions across our full product range.
